

# A LETTER FROM THE SUPERINTENDENT OF SCHOOLS

## CATHOLIC SCHOOLS OF CENTRAL TEXAS

### *Academic Excellence in the Catholic Tradition*

Dear Friends of St. Dominic Savio Catholic High School:

The much-anticipated St. Dominic Savio Catholic High School will offer a full education for our students in a caring, Christ-centered environment. The school's vision will include helping young men and women to develop their minds, strengthen their leadership skills and unlock their talents.

As educators, our lives are dedicated to empowering youth to perform to the best of their ability and help them gain the confidence and knowledge needed for success. We support our students in developing self-respect and respect for others. We encourage positive attitudes towards peers, adults and authority.

St. Dominic Savio Catholic High School will:

- Have a strong Catholic identity and be aligned with the catechetical and educational mission of the Diocese of Austin.
- Attend to the overall spiritual, intellectual, moral, social, psychological and physical development of every student in its charge.
- Be college preparatory and co-educational.
- Provide a solid foundation of academics through a challenging and balanced curriculum, with a strong emphasis on science, technology, engineering and mathematics.

Sincerely,

A handwritten signature in blue ink that reads "Ned F. Vanders".

Dr. Ned F. Vanders  
Superintendent of Catholic Schools
